Post 1 (Inspiring & Confident):

I can't wait to take in the stunning countryside views on the Clarendon Way Walk in June! I've set myself the challenge to conquer **[26, 12, or 5]** miles to help raise vital funds to support the children and young adults who visit the hospices at Naomi House & Jacksplace.

Please donate to support this brilliant charity and help them continue to provide the expert care these families need.

"The camaraderie along the way, getting a buzz from completing this challenge, the wonderful welcome back over the finish line and smashing the target we had set to raise!"

Post 2 (Fundraising Focus):

Please help me get closer to my fundraising goal for my Clarendon Way Walk challenge! I'm doing this challenge to support local hospices, Naomi House & Jacksplace.

Every donation, big or small, gets me a bit closer to making a massive difference for children, young adults and their families.

Every £20 I raise helps to provide an hour of expert nursing care. Helping the hospices to be there for families on the good days, difficult days and last days. **[add your personal story and reason for taking part, tell your friends and family exactly why you're walking the Clarendon Way and why it's important to you]**

Post 4 (Testimonial Power):

In June I'm walking the Clarendon Way Walk to raise money for local hospices for children and young adults, Naomi House & Jacksplace. This is a message from Vicky whose son Archie attends the hospices.

"We have used Naomi House for the good days. We have used them during the difficult days. And it is comforting to know that if we need them, they will be there for the last days."

The Clarendon Way Walk isn't just about the walk, it's about making a difference, one step at a time.

Please give what you can to help families like Archie's.
