

Lyrics

Forever, forever more

Forevermore.

Have you ever, felt love like this before?
Burning like a sun. Beating like a drum.
Put your ear to the wall and hear.
Everyone's here, and everyone knows.

That every part of everyone has a place
And every part of me and you has a ride to take
And what I've learnt is
What I give to you's
Forever, forever more
Forevermore
It's what I give to you.

Have you ever felt love like this before?
It keeps you wide awake.
If life gets hard to take.

That every part of everyone has a place
And every part of me and you has a ride to take
And what I've learnt is, what I've learnt is, what I've learnt is, what I've
learnt is
What I give to you is
Forever, forever more
Forevermore
Repeat to end
